

How Can the Right Technology and Deployment Solution Keep Industry Leaders **Ahead of the Pack?**

Brewing world-class beer for **more than 150 years**

Home to the legendary Lion Beer, Lion Brewery (Ceylon) PLC is the largest beer maker and distributor in Sri Lanka. In addition to its exceptional recipes and brewing process, Lion Brewery prides itself on bringing proven best practices, innovation, and cutting-edge technology to its business operations. So, as part of a digital transformation road map that would help ensure IT infrastructure scalability, the company decided to **unify processes and data on a single, central ERP platform**. As a longtime SAP customer, SAP S/4HANA® was the obvious choice – Lion Brewery just needed the right partner to help ensure a successful deployment.

Partner-Packaged Solution

THE BEST RUN

Laying the Foundation for Digital Transformation with **InfraBeat's SHIFT Solution and SAP S/4HANA®**

Before: Challenges and Opportunities

- Simplify and integrate existing SAP® solution landscape
- Improve business insight and performance by giving managers access to live data for planning, execution, reporting, and analytics
- Improve user experiences and increase user adoption

Why SAP and InfraBeat Technologies Pvt. Ltd.

- Longtime user of the SAP ERP application
- SAP S/4HANA® – a comprehensive, intelligent platform for ERP for full business processes and data integration
- InfraBeat's extensive experience with SAP S/4HANA conversions and hyperscaler deployments on Microsoft Azure
- SHIFT – an SAP-qualified partner-packaged solution for SAP S/4HANA

After: Value-Driven Results

- Unified ERP platform that will simplify IT and provide one source of truth for reporting and analytics
- Foundation to support existing and future enterprise applications and data, including the SAP Fiori® user experience
- Ease of adoption for new functionality and process innovation, such as live materials resource planning

“With SAP S/4HANA, we are developing a scalable infrastructure while leveraging SAP software capabilities to **improve speed, performance, agility, and process efficiency** and become a data-driven organization. Having an SAP-qualified partner-packaged solution helped us design a transformation plan together with SAP.”
